2 Weeks to RSD

Most people do not realize why it is so importnt to get to RSD quickly. The $1,000-$2,000 you will earn is important, but there is something far more important than the immediate money.

Whatever it takes, make sure you become RSD your first 2 weeks. Your sponsor will help you do it.

1. It creates your success story.

Your story about your income is the most powerful tool you can have in building your business. When people are looking for a home business, you will stand out like a diamond in a dungheap when you can honestly say, "I made $1,000 my first 2 weeks." Your story will help you recruit because people want to make money.

2. It sets your pace

It is much easier to build a large check in AmeriPlan when you have momentum. If you get started at a fast pace, it is much easier to keep the pace going.

3. It develops good habits

Successful people generally have good habits that cause them to do the things that contribute to their success. The same habits you develop while becoming an RSD in 2 weeks are the habits that will take you to $100,000 a year in AmeriPlan.

4. It bolsters your belief in the company

Of course you joined AmeriPlan because you believed you could make money here. Your belief in the system will soar when you earn $1,000 or more in your first 2 weeks. That belief will make you much more powerful when you are presenting the opportunity and the membership to others.

5. It builds your belief in yourself

Many people are not sure of themselves when starting out. They are not sure if they can make any money with AmeriPlan, and that uncertainty comes across when they present it to others. That doubt vanishes when you start seeing substantial checks coming in. You can do it. When you see $1,000 in your first 2 weeks, you will know you can do it.

6. It sets an example for your downline

Your downline will do what you do. If you build quickly, they will be more likely to follow you. When they follow you in the 2-week plan, that will rocket you toward the $100,000 mark.
